SOUVENIR (NTS, Balamii) is the handle of South Londoners Claire Voyant and Elle Andrews. Both established DJs on the UK circuit, the pair met five years ago after producing a show on a pirate radio station. Something of the subversive must have transferred onto their sound, which is refreshingly distinct from the homogenous world of dance music at large.

Claire has run the shop at Rye Wax Records Peckham for the past 3 years and recently co-founded The Run Out festival – an annual celebration of independent music and vinyl culture. Elle has been playing underground parties across the UK for the past ten years, DJing and contributing mixes for 12th Isle, Going Good, PLO MAN and Bushes to name a few, alongside hosting 'Everything Crash' parties with Brian not Brian and Keyboard Masher (KM Editions).

Both dedicated diggers they pay little attention to genre, unearthing the unfamiliar & rawer side of dance music with conviction. Unbothered by image or trends, SOUVENIR let the personality of their sets and sense of fun be their number one focus. In a DJ landscape littered with overworked press shots & po-faces, a SOUVENIR party will always be a joyous outlander!
